

SIXTH PROCLAMATION OF CIVIL EMERGENCY

WHEREAS, in December 2019, medical professionals detected a novel coronavirus, now designated as "SARS-CoV-2," which causes a disease known as "coronavirus disease 2019" abbreviated and popularly known as "COVID-19"; and

WHEREAS, on January 30, 2020, the World Health Organization Director General declared an outbreak of COVID-19 as a Public Health Emergency of International Concern, advising countries to prepare for containment, detection, isolation and case management, contact tracing and prevention of onward spread of the disease; and

WHEREAS, on March 11, 2020, the World Health Organization Director General characterized COVID-19 as a pandemic; and

WHEREAS, on March 13, the President of the United States declared the COVID-19 outbreak a national emergency; and

WHEREAS, COVID-19 is spread person to person through direct or close proximate contact and presents an imminent threat of widespread illness and a threat to public health; and

WHEREAS, on March 16, 2020, after consultation with City, County, and state officials, it was my judgment that there reasonably appeared to exist a state of civil emergency which required a response by the City to protect human life, and I, therefore, declared a local state of civil emergency; and

WHEREAS, on March 24, 2020, after consultation with City, County, and state officials, it was my judgment that there continued to reasonably appear to exist a state of civil emergency which required a further response by the City to protect human life, and I, therefore, made a Second Proclamation of Civil Emergency; and

WHEREAS, on April 3, 2020, the Director of the Missouri Department of Health and Senior Services ("DHSS") issued a statewide stay at home order; and

WHEREAS, on April 6, 2020, the Second Proclamation of Civil Emergency was amended and on April 21, 2020, said Proclamation was renewed until May 3, 2020; and

WHEREAS, on April 27, 2020, Governor Parson announced the first phase of the "Show Me Strong Recovery" Plan which became effective May 4, 2020, and extends through May 31, 2020; and

WHEREAS, the first phase of the "Show Me Strong Recovery" Plan allowed citizens to begin to return to economic and social activities if certain precautions were taken; and

WHEREAS, on April 30, 2020, after consultation with City, County, and state officials, it was my judgment that there continued to reasonably appear to exist a state of civil emergency but that it would be prudent to permit additional limited activities, and I, therefore, made a Third Proclamation of Civil Emergency which allowed citizens to begin to return to economic and social activities if certain precautions were taken and which became effective on May 4, 2020, and extended through May 31, 2020; and

WHEREAS, on May 7, 2020, the Third Proclamation of Civil Emergency was amended because recent public health data supported amending it to allow a return to additional economic and social activities provided certain precautions were taken; and

WHEREAS, on May 20, 2020, after consultation with City, County, and state officials, it was my judgement that there continued to reasonably appear to exist a state of civil emergency; however, the most recent public health data supported allowing additional economic and social activities and beginning the City's "Road to Recovery," and I, therefore, made a Fourth Proclamation of Civil Emergency which allowed additional activities, which was amended on May, 21, 2020, and on June 5, 2020; and

WHEREAS, on June 15, 2020, after consultation with City, County, and state officials, it was my judgement that there continued to reasonably appear to exist a state of civil emergency; however, the most recent public health data supported allowing continuing the next phase of the City's "Road to Recovery," and I, therefore, made a Fifth Proclamation of Civil Emergency which allowed additional activities; and

WHEREAS, recent data indicates that the growth of COVID-19 cases in the southwest Missouri region is high; and

WHEREAS, on July 13, 2020, City Council determined that a stronger community response could slow the rate of spread of COVID-19 in our community and would protect public health and safety, and, therefore, passed an ordinance setting out regulations including Face Coverings and occupancy limits to protect public health and safety; and

WHEREAS, after consultation with City, County, and state officials, it is my judgment that there continues to reasonably appear to exist a state of civil emergency, and I, therefore, am making a Sixth Proclamation of Civil Emergency; however, due to the passage by City Council of an ordinance setting out regulations to protect public health and safety from the spread of COVID-19, I do not believe it necessary to exercise the additional powers granted to me under City Code at the present time.

NOW, THEREFORE, I, KEN MCCLURE, MAYOR OF THE CITY OF SPRINGFIELD, DO HEREBY PROCLAIM AND ORDER, that:

Section 1 – Effective July 15, 2020, at 11:59 p.m., this Sixth Proclamation of Civil Emergency is hereby enacted. A local state of civil emergency continues to be declared pursuant to City code Section 78-132.

Section 2 – Pursuant to Springfield City Code Section 78-133, this proclamation shall be in effect until 11:59 p.m. August 14, 2020, unless renewed or withdrawn.

Mayor
